What is Swachh Bharat Abhiyan

Swachh Bharat Campaign: The Abhiyan was launched by Prime Minister Narendra Modi on 2nd of October, 2014 at Rajghat, New Delhi with an aim to make India clean. Aim is to provide sanitation facilities to every family, including toilets, solid and liquid waste disposal systems, village cleanliness, and safe and adequate drinking water supply by 2nd October, 2019. It will be a befitting tribute to the Father of the Nation on his 150th birth anniversary. It is significant that the PM himself is taking very proactive role in making the campaign a success; at Rajghat he started the campaign by cleaning the street himself.

However, it has been clearly declared that the campaign is not only the duty of the Government but each and every citizen of the country is equally responsible to keep the nation clean or swachh. History of Swachh Bharat Abhiyan

OUR TARGETING AREA-

The campaign of clean India movement is the biggest step taken ever as a cleanliness drive till date. On the day of launch of campaign around 3 million government employees including students from schools and colleges had participated in the event to make it popularize globally and make common public aware of it. This event was organized at Rashtrapati Bhavan on 2nd of October in 2014 in the presence of 1500 people. This event was flagged off by the Indian President, Pranab Mukherjee.

Prime Minister, Narendra Modi, had nominated the name of nine famous personalities from business industries, sports and Bollywood to drive the clean India campaign. He also had requested from all nine personalities to invite another nine personalities individually and requested to continue the chain nine people to take this campaign to every Indian living in any corner all around the country.

Narendra Modi has said that this campaign should be taken as the big challenge and must pass the request to invite other nine people individually (just like branching of tree) so that this vision of cleanliness may be completed till 2019 and may India become a clean country forever in the history.
